Get involved in the campaign

We need to work together to make changes everywhere.

The Government needs to lead the way.

The Government must

- Close all of the big hospitals for people with a learning disability.

- Make sure people can get care and support close to home.

- Make sure care homes and hospitals are checked properly.

What you can do

Write to the Government

1.

You can do this by taking our 'e-action' – this is where we take you through the steps of sending an email or letter

Go to www.mencap.org.uk/outofsight

Click on the picture of the man and woman

disabled, so people with a learning disability can be supported near their families in their communities.
