

The human rights scandal continues

#HumanToo
#StrippedofHumanRights

The latest data shows there are

at least 2,030

people with a learning disability and/or autism in inpatient units.

NHS Digital Assuring Transformation data, January 2022

Shocking levels of restrictive practices

2,825

Within November 2021

reported uses of restrictive interventions in one month e.g. **physical, chemical, mechanical restraint** and being **kept in isolation**.

Of these,

285

were against **Children** (under 18s)

NHS Digital MHSDS Data: November 2021, published February 2022

See note from NHS Digital: 'The figures in the restrictive interventions data are lower than in previous months due to the reduced number of providers submitting restrictive interventions data'

Delayed discharge

195

 people had their discharge delayed.

Main reasons: **lack of social care** and **lack of suitable housing** in the community.

NHS Digital Assuring Transformation data, January 2022

Shut away for too long

The average length of stay for people with a learning disability and/or autism who are currently in inpatient units is

5.5 years

NHS Digital Assuring Transformation data, January 2022

Children in units

Under 18s

The number of children with a learning disability and/or autism in inpatient units has **increased** since the start of the Transforming Care programme.

January 2022

175

March 2015

110
