

National Housing Community of Practice –

For everyone who wants to create more and better housing options for people with a learning disability and autistic people

Chaired by NHS England
/ Local Government
Association / ADASS

Two hour interactive
online sessions,
every two months

Share problems,
explore solutions,
challenge one another

Underpinned by
commitment to the
importance of a home
(rather than a
'placement')

We listen to people
with a learning
disability and autistic
people and those
who know them well

Access to dedicated NHS
Futures space for slides,
past recordings,
evidence and other
information

We inspire each other
with great ideas, and
belief in the art of the
possible (while
recognising real
challenges)

Past topics :

- Buying a home with shared ownership mortgages
- Planning across housing, health & care in local areas
- Housing benefit for supported housing
- Research into experiences and aspirations of people with a learning disability and autistic people

Please join us! clare.skidmore@nhs.net

Do you have something great to share at a future session?

Do you have a challenge you'd like to explore with the community?

What topics would you like us to cover at future sessions?
